2. Stephanie Saunders – University Career Center (Area 2)
“Stephanie always works hard for our students at UNCC, but she went above and beyond in March by stepping in last minute to join me on a spring break service trip with my class. Another co-worker was sick, and she agreed to replace her just days before the trip. She was a wonderful resource for me on the trip and for the students as well. All were freshmen and most were undecided majors, so as the undecided/freshmen career advisor, she was a great professional resource for them during the trip and now after. I'm extremely grateful for her assistance with logistics, reflections, and her truly compassionate nature during the trip. She truly cares about our students and the community, and is a joy to work with! She is definitely a "golden nugget" on campus!” – Maureen Doran
