

June 2025 Golden Nuggets

Date of submission	Nominee's Name	Nominee's Department	Area #	Reason for nomination
6/2/2025	Bernard Morris	BES	12	Bernard Morris has been a very proactive member of Team 2 in the BES department. He volunteers to pick up and distribute supplies in the absence of the advanced lead tech. He walked the buildings in Team 2 to assist the AM manager with building audits, and he has the best working relationship with the customers.
6/2/2025	Dominique Kelly	BES	12	As a BES supervisor, it is very important that we have the correct number of techs to complete each assigned task. Dominique has worked with Team 2 on and on throughout the year. He is not assigned to Team 2, but he has helped the team out tremendously. In the absence of the advanced lead tech assigned to Team 2, Dominique has taken on the role and done such a fantastic job. He also assists with the Student Health Center, and he is the advanced lead tech for Team 10. Thanks, Dominique, for all your assistance, you are appreciated..
6/2/2025	Austin Sidbeck	BES	12	Austin Sidbeck has assisted Team 2 throughout the year. He is assigned to Team 10; however, he has been very helpful to Team 2. He helps with cleaning and supplies each week. He also assists Team 1 as needed. Thanks, Austin, for all you do. We appreciate your help.
6/5/2025	Tracy Beauregard	Office of the Registrar	2	I recently presented on the topic of Readmission at the Advising Summit. During the Q&A session, a simple Readmission question spiraled into a Catalog year / Gen Ed requirement question which took me out of my depth. From the audience, Tracy gave me a nod and jumped right in!! With her expertise, she was able to provide the needed information. Like any other day, Tracy displayed teamwork and leadership for which she is known. She is truly an asset to the Registrar's Office and the whole campus community.
6/12/2025	Tyler Vanhoy	EHS	10	Tyler has demonstrated real dedication to his duties and professionalism. Multiple times he has identified problems in the field and brought them to my attention. He has done this in a timely and professional manner that enables me to respond without wasting my time or resources.
6/12/2025	John Svenson	EHS	10	My duties often involve work that blurs the lines between Engineering and EHS. When I reach out to John about these, he is always professional and willing to help or find ways to help on issues related to environment, health, and safety. John is a true asset to this University and good reflection on EHS.
6/19/2025	Michael Rogers	FM - Building Envelope	15B	Michael went above and beyond during the water leak in the EPIC building yesterday. He was on the scene immediately and took charge of a very chaotic situation. He took a safety-first approach, helped secure the area to prevent injury, and kept members of multiple departments organized, informed, and safe. Because of his excellent leadership we were able to get the situation under control quickly and efficiently.
6/19/2025	Jessica Barton	University Budget Office	9	Over this past year, Jessica has demonstrated the utmost patience when it comes to the volume of questions she receives from the Division of Academic Affairs. She displays empathy and optimism when supporting someone during their professional struggles. She has a genuine respect for others with a fun personality. I appreciate her Pride for UNC Charlotte too. Recently, she shared an email chain with me. In this email chain, she demonstrated everything that I wrote above-patience, empathy, optimism, and genuine respect. She is my first nomination for a Golden Nugget.
6/23/2025	Owen Cooks	associate vice chancellor for facilities management	15A	The development team had a quick need to help with a donor cultivation task that involved facilities. Owen and his team treated the situation and donor with the upmost service, acted quickly and with little notice, and went above and beyond to assist our team in something that was a high priority for us.
6/23/2025	Michael Rogers	Facilities Operations	15B	The development team had a quick need to help with a donor cultivation task that involved facilities. Michael and his team treated the situation and donor with the upmost service, acted quickly and with little notice, and went above and beyond to assist our team in something that was a high priority for us.
6/25/2025	Kevin Moluf	FM - Engineering	15A	Kevin is a superb team member and valuable asset to the university. He went above and beyond to fill in for me when I was out sick. There was a spill that involved mechanical systems and water quality regulations. He spent hours in the field on a VERY hot day collecting information and communicating with numerous university staff members. This effort was outside his normal duties.
6/25/2025	Ed Conway	OneIT Client Engagement Desktop Support	4	I was having an issue with my laptop/monitors. Ed and his team of student workers (Shane and Ritchie?) were constantly trying to help me so that I do not experience this ongoing issue. They were always nice, patient and helpful. Now I do not have the same issue anymore and I feel very grateful for their hard work and kindness!
6/26/2025	Christian Harris	UNC Charlotte Recycling	12	Christian is very efficient in his work and when asked to assist in any way he is always available to help. Thank you Christian for keeping the Foundation Building looking neat and clean, we really appreciate you and all you do.

Date of submission	Nominee's Name	Nominee's Department	Area #	Reason for nomination
6/28/2025	Janna Burch	University Advancement, Gift Processing	11	<p>Janna is the lynchpin for the success of frontline fundraisers at UNC Charlotte. With the year end upon us, she is balancing a variety of priorities and assists every colleague with grace and transparency. She also helps liaison with colleagues and leadership throughout campus to make our efforts as efficient as possible.</p> <p>We are made more effective by the tremendous work that Janna does, and everything she does is done the Niner Way.</p> <p>I am thrilled to nominate her as an example of a colleague who enables critical funding to efficiently and effectively come into the university to impact our students and faculty.</p>
