

Employee's Full Name	Employee's Department Name (Ex: CHHS - Dean's Office. Please be specific)	Area #	Reason for nomination - please provide detailed examples of performance, contributions, and/or impacts.
Dana Tweed	CHHS -Dean's Office	7	Dana has don an amazing job of managing our business office over the years but especially these past few months. She has had to navigate the taking on of post research award management with a new hire and having to learn about this new area in order to on board her new hire; one of her team left UNC Charlotte during end of year closeout and other things also impacted her and her team's work since May. She has managed the finances of the College in a fiscally responsible way and completed all the work needed for close out and reporting while managing her team in a positive manner. She makes it possible for the College to move forward seamlessly with her excellent management.
Mathew Starratt	MAL Logistics Specialist	15	My LOG-MAL crew, who performs campus moves and event setups, was shorthanded for a large outdoor event setup @ Belk Plaza this week. Matt offered his help with loading tables & chairs the day before the event, the actual setup and then breakdown of the tables & chairs, and then returning them to the Cone center the next day. This was a huge help to my crew & I, and we really appreciate him taking time out of his busy schedule to offer his assistance. Thank you Matt!
Tangia Betterson	FYTP	3	Tangia is really great and fun to work with. She is always upbeat. She is a great communicator. She listens and asks questions to gain insight. She makes sure everything is organized for her department. She is an asset to UNCC!
Nathan Bernhardt	Financial Services OneIT	4	The beginning of the academic year is an especially busy and critical time, particularly as we approach payment deadlines. During this period, I discovered that an incorrect term code had been associated with a meal plan change fee. After reaching out to Financial Services, Nathan quickly stepped in and made the necessary corrections in a timely manner. When an incorrect description was later discovered having been used as part of the correction, Nathan once again responded quickly and was able to make the necessary updates before it created additional confusion. His responsiveness and attention to detail helped resolve these issues efficiently during one of the busiest times of the year.
Danyal Mahmud	Enrollment Programs and Communications	2	Danyal deserves recognition for being Golden in supporting our First-Generation programming. As a F1GS member, Danyal is constantly supporting and offering assistance. Most recently, he was supportive and welcoming at the First-Generation Meet & Greet. He assisted students engaging in passive and active engagement opportunities. Danyal is a committed First-Generation supporter.
Alex Reynolds	University Communications	2	Alex deserves recognition for being Golden in supporting our First-Generation programming. They were a supportive, welcoming face and presence, most recently at the First-Generation Meet & Greet. The event was stronger with their support. Alex captured photos and wrote an amazing article outlining our most recent partnership. He is a phenomenal First-Gen Supporter.
Chris Walls	First-Year and Transition Programs	3	Chris deserves recognition for being Golden in supporting our First-Generation programming. Chris is an A1 supporter of First-Generation students. With him, all events have the support they need, and an energy that makes the space even more inviting. Most recently, at the Meet & Greet, he welcomed over 100 students and provided them with an instrumental resource that will guide their next few years ahead. We are better with Chris's everlasting commitment and partnership.
